Please find herewith some details regarding our Patient Referral Scheme that we operate with pain management and physiotherapy clinics in hospitals and clinics across the country.

The referral scheme involves us sending you our Patient Price List and Order Form leaflets which provide a brief description of our TENS units with discounted prices. Each leaflet contains a referral code which is specifically assigned to you. This code entitles your patients to order one of our TensCare TENS units at a discounted price.

For every 7 orders placed with your referral code, we can send you a new TENS machine of your choice (or for every 10 orders placed, we can send you s Sports TENS 2 unit), or some replacement electrode pads for your existing units.

If you have any questions regarding the NHS referral scheme or would like any more information or leaflets, please do not hesitate to contact us:
